

Success By 6 recently conducted a survey with parents who are currently receiving books through the Dolly Parton Imagination Library. The survey consisted of 10 questions which asked parents a series of questions about their feelings on the program. Parents were asked how often they or another adult read or looked at books with their child. 100% of parents said daily. Parents were also asked as a result of receiving the Dolly Parton Imagination Library how often do you read to your child. 86% said of the parent's surveyed answered more often. There were also 72% of parents who stated that since enrolling in the program their child's enthusiasm towards books had increased. Parents were also encouraged to leave comments about the program. One parent stated **"This is a fantastic program! This is my 2nd child to benefit and I am so grateful that this county has this opportunity."** Another parent stated, **"It is always a great reminder every month to read and spend as much time as possible with your child!"** The Success By 6 program also feels very fortunate to offer this program to community and is also very thankful to everyone involved in the Girlfriend Gala who helps to make that possible.
